The time is flying by and we are doing our utmost to meet the challenges of ‘keeping up’. In a large community such as ours, rules and regulations are a necessary part of maintaining a balance. It is not our intent to restrict but rather to promote a sense of harmony. When large groups congregate in confined areas, exercising courteous and appropriate behavior is extremely important.

There are a number of issues we are in the midst of considering at the present time, all of which affect all residents. Decisions are not made lightly and are not even presented for a final vote until such time as all opinions have been heard and a thorough investigation has been conducted.

Smoking remains a controversial issue; although we currently have designated smoking areas, it appears they are too often ignored with many smokers lighting up in prohibited locations. This creates an offensive odor to many of us, but more importantly, second hand smoke is proven to be a health issue as well. Possible resolutions to this problem are presently being examined with regard to the Council facilities and their surrounding areas.

We frequently hear that young children at the main pool are not being supervised by a responsible adult and are running or jumping into the pool. We need to pay better attention to this in order to minimize the accident potential around the entire pool area.

Just as all residents are required to carry their Wynmoor ID with them at all times when using the facilities, it seems reasonable that service and other support animals be appropriately identified as well. We are in the process of developing a ‘tagging’ system that will identify the animal and the type of authorization. This is for the sole purpose of maintaining a safe and secure community.

With the recent ‘distraction’ scams still very much on our minds and the warnings not to open your door, please be aware that AT&T is working in Wynmoor to complete the fiber optic installation project. You will be notified when they are on the property and they will be accompanied by a Wynmoor employee as well. In addition, the U.S Census Bureau will be undertaking the huge task of surveying residents in the near future. Every census employee will have an official ID clearly visible on their person. Please be sure you observe this identification before you allow them into your home.

On a lighter note, since the reopening of the beautifully renovated shuffleboard courts and the adjacent patio, the entire area has grown in popularity and is being used more than ever!

We are confident that Wynmoor will continue to get better; rest assured that we appreciate your suggestions and take the time to review and consider each one of them.

My good friend and respected Council Treasurer, Ernie Hartog has made the difficult decision to resign from his position. Although he will remain the Council Rep from Martinique Village ‘B’, I speak for all of us on the Management Committee when I say we will miss his regular participation in Council affairs as well as his always pleasant manner and friendly conversation. Thank you for everything Ernie; relax and enjoy some well deserved free time with your friends and family!
Regrettably, our beloved Treasurer Ernest Hartog has resigned from his position on the Management Committee. With his wealth of knowledge in so many areas, other than his primary expertise in financial management, his contribution to the community covered a wide range of projects. The diplomatic manner in which he presented his ideas and suggestions gave him credibility and; therefore, he was an influential force in the decision making process. Always the gentleman, projecting his calm demeanor around the room, I can speak for all of us when I say he will be missed at the Council conference table. Ernie will; however, continue in his role as Council Rep for Martinique Village ‘B’. Thank you Ernie for all you have done for us.

I’m betting that no reminder is needed as we move into the month of June and the Season of the Hurricane! We can never stress the importance of Hurricane Preparedness quite enough. As you scan the pages of this issue, you will see the annual Hurricane Preparedness section. Please take a few minutes to read this segment in detail; it is presented here for your safety and security in the event of a major storm.

Although we live with the storm possibility every June through December, that does not mean that we cease to progress and so our summer project schedule will commence. With the hope that nature cooperates, we will undertake the major job of replacing the Country Club roof. Waiting for the summer months to perform this work allows for less inconvenience since fewer residents are using the facilities. Repair, restoration and painting of the boundary wall will continue as well as will the ongoing parapet fencing project.

2018 Budget preparation is underway! As we do each year, we invite you to submit your ideas/suggestions for review. Now is the time….all written submissions will be considered and if determined to be in the best interest of the community and can be included at a feasible cost, we will incorporate the item into the 2018 proposed budget. Direct your suggestions to Keith Arnold, CFO.

One project we are certain of at this time is the replacement and upgrading of restrooms in the Council facilities; this includes the Country Club, Fitness Center, Theatre and East and West Wings. This has been discussed for quite some time and it is now apparent this work needs to be done.

Many of you are familiar with the patriotic program known as the “Honor Flight”. If not, let me remind you about one of our very own members of the Management Committee, Chick Chase who was a participant in this exclusive group of American heroes. Veterans of both World War II and the Korean War are given the well deserved opportunity to fly to Washington D.C. for their day of recognition and reverence for their service to our country. In addition to viewing the World War II memorial, the Tomb of the Unknown Soldier and witnessing many other ceremonial tributes in their honor, each veteran is accompanied by a chaperone during the entire event, an individual that is a veteran as well.

I am proud to share with you that on Saturday, May 20th, Wynmoor had an additional 7 such veterans chosen for the “Honor Flight”. Together with their chaperones, they boarded a bus headed to Miami International Airport for their turn on the “Honor Flight”. We often speak of community; in light of this distinction, what greater pride or spirit of community could we hope for than the realization that we are home to a population that includes the very essence of….human greatness!
PRESIDENT’S REPORT
Wynmoor has received a check for $131,350 from AT&T with another for approximately $65,000 to come for the fiber optic installation. The Long Range Planning Committee and the Architectural Committee are interviewing architects for the proposed 19th Hole Restaurant renovation.

COMMITTEE REPORTS
Joan Sampson, Chairperson of the Grounds Committee said their final meeting for the season will be held on May 11th in Card Room 4. Elaine Abolafia, Chairperson of the By-Laws Committee said that her Committee will be meeting on May 12th at Card Room 4 at 2PM. Rose Ortiz, Chairperson of the Long Range Planning Committee will be having their final meeting of the season on May 11th at 1PM in Card Room 4.

ADMINISTRATOR’S REPORT
Administrator Bandler mentioned there was an article in the ‘Insider’ featuring 3rd Vice President Selma Bass and also a poem in honor of President Railey was published in the same edition. The budget process is about to begin, so if you have any ideas you can present them to Keith Arnold, CFO. Bruce reminded residents that AT&T workers who are installing the fiber optic lines will be accompanied by a Wynmoor employee. He also stated that Census workers will also be on property this month and should be accompanied by an employee of Wynmoor. All workers should have ID’s visible.

Be it resolved the Council Board of Directors, as unanimously recommended by the Executive Committee, approve the deposit of the retroactive “New Customer Incentive” from HBO in the amount of $47,313 into the Capital Fund. **Pickleball Club**

Even with the warm summer weather, the Pickleball Club continues to offer a variety of sporting and social activities including games, weekly barbecues and karaoke nights. Do you like to sing or listen to others? Join us for karaoke night on Wednesday, June 14th, at 7:30PM at the West Wing I. There’s no entry fee for pickleball club members and $3 for guests. Come to the pickleball courts any morning. See how the game is played and meet our members. Also, join us at our weekly Wednesday 5:30PM barbecue get-togethers at the Cove. Everyone is welcome. We bring our own dinner, plus desserts to share. It’s always a fun evening.

Another fun Pickleball Club Tournament! Want to learn to play? Come to the courts any morning. We hope to see you there.

Remember: The Security Emergency Number...
954-978-2663
Should be the first number called for NON-911 emergencies.
For life-threatening emergencies, always dial 911 first.
(Note: Emergency vehicles may not respond until the storm has passed)

Wynmoor Disaster Command Center After Storms:
The COUNTRY CLUB is the place for residents to come for aid information. It will be staffed by those who are responsible for community communications, safety and security personnel.
This facility will be active IF NECESSARY.

Planning for Emergencies

Emergency kits are important when you no longer have access to electricity, clean water supply, or are required to evacuate:
> Supply of bottled water (at least a gallon/day, per person)
> Ready to eat nonperishable foods
> Telephone NOT requiring electricity
> Disposable plates/cups/utensils
> Flashlight with extra batteries
> Portable radio with extra batteries
> Extra set of car keys, credit cards, traveler's checks or cash
> Change of clothing/shoes per person
> Extra glasses/contacts
> Whistle to attract attention
> Survival blanket per person
> Special medicines/items for all persons
> Entertainment items (non-electrical, like books, puzzles, etc.)

The Wynmoor Hurricane Emergency Net (W.H.E.N.)...
...still needs operators in several villages. No Experience Neccessary. Call Ralph Trapper for information on becoming a part of W.H.E.N.

Hurricane Watches vs. Warnings

A HURRICANE WATCH issued for your part of the coast indicates the possibility that you could experience hurricane conditions within 36 hours. This watch should trigger your family’s disaster plan, and protective measures should be initiated, especially those actions that require extra time such as securing a boat, leaving a barrier island, etc.

A HURRICANE WARNING issued for your part of the coast indicates that sustained winds of at least 74 mph are expected within 24 hours or less. Once this warning has been issued, your family should be in the process of completing protective actions and deciding the safest location to be during the storm.

Tropical Storm Watches and Warnings: Take these alerts seriously. Although Tropical Storms have lower wind speeds than Hurricanes, they often bring life-threatening flooding and dangerous winds. Take precautions!

OTHER TIPS FOR SENIORS

> Stock up on food and water supplies before or early in the Hurricane Season
> Have at least a one-week supply of your medications (two-week supply is better!)
> Stay aware of weather conditions
> Make all plans in advance
> If you need to evacuate, team up with a partner, neighbor or relative and plan together
> Have an easy-to-carry storage container filled with basic necessities available, so in the event of an evacuation, you can grab the container and leave quickly
> Select a room for your hurricane shelter. Make sure it has no windows, is near the center of your home and has no outside walls
> If you need to evacuate, listen to the radio for locations of emergency shelters (610 AM, 850 AM, 97.3 FM or 100.7 FM), use travel routes specified by local officials
> Have a list of emergency phone numbers near your phone. Also, choose one out-of-state friend or relative to contact who will let others know you are safe
> Make sure to keep your important documents in a waterproof container.
> Turn off all switches in your fuse box, but leave air-conditioning on!

This is the fantastic journey of Belle, a bright, beautiful and independent young woman who is taken prisoner by a beast in his castle. Despite her fears, she befriends the castle’s enchanted staff and learns to look beyond the Beast’s hideous exterior and realize the kind heart and soul of the true Prince within.
